

## Five ingredients. Zero preservatives. Endless options for your residents with dysphagia.

Introducing a clear and easy way residents with swallowing disorders can enjoy more of their favorite foods and drinks. New Thick-It® Clear Advantage® Gel Food & Beverage Thickener thickens all kinds of beverages and foods, hot or cold, without altering the flavor.

Created using our proprietary xanthan-based formula, Clear Advantage® Gel Food & Beverage Thickener thickens liquids or foods to IDDSI-compliant Level 2 or Level 3 and maintains the desired viscosity over time. So, your staff won't have to rush to serve thickened foods and beverages, and your patients can enjoy them at their own pace.

Available in efficient, cost-effective boxes of 50 individual servings with a shelf life of 18 months, new Clear Advantage® Gel Food & Beverage Thickener makes a smart addition to your food service program.

**A leader then.  
A leader now.**

Since 1987, the Thick-It® team has been leading the way in the development of safe, satisfying, and easy-to-use dysphagia solutions. A welcome addition to our line of xanthan-based ready-to-drink beverages, Clear Advantage® Gel Food & Beverage Thickener is a convenient and easy way to thicken beverages for your residents with swallowing disorders.

Do not use Thick-It® brand products with infants under the age of 2. Thick-It® brand products should only be used with children under the age of 12 in consultation with a physician. Always seek the advice of a physician or other qualified health provider before making a diet modification and with any questions you may have about a medical condition, treatment, or the use of Thick-It® products. The information contained herein is for informational purposes and is not intended to be a substitute for professional medical advice, diagnosis, or treatment in any manner.
